

Hurley Primary School Pupil Premium Strategy Statement 2022-23

This statement details Hurley Primary School's school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	Hurley Primary School
Number of pupils in school	200 pupils 69 are pupil premium
Proportion (%) of pupil premium eligible pupils	33%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2021/2022 to 2024/2025 3 yrs
Date this statement was published	Oct 2022
Date on which it will be reviewed	Oct 2023
Statement authorised by	Glyn Morgans
Pupil premium lead	Glyn Morgans
Governor / Trustee lead	Diane Brooks, lead for vulnerable and disadvantaged pupils

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£106,5050
Recovery premium funding allocation this academic year	£11,850
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0.00
National Tutoring Grant	£9,642
Total budget for this academic year	£128,042

Part A: Pupil premium strategy plan

Statement of intent

At Hurley Primary School we intend that all pupils, irrespective of background or the challenges they face, make good progress and achieve high attainment across all subject areas. We also want all pupils to benefit from rich experiences provided by the wider curriculum. The focus of our pupil premium strategy is to support disadvantaged pupils to achieve these goals, including progress for those who are already high attainers.

We will consider the challenges faced by vulnerable pupils, such as those who have a social worker and young carers. The activity we have outlined in this statement is also intended to support their needs, regardless of whether they are disadvantaged or not.

High-quality teaching is at the heart of our approach, with a focus on areas in which disadvantaged pupils require the most support. This is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit the non-disadvantaged pupils in our school. Implicit in the intended outcomes detailed below, is the intention that non-disadvantaged pupils' attainment will be sustained and improved alongside progress for their disadvantaged peers.

Our strategy is also integral to wider school plans for education recovery, notably in its targeted support through the National Tutoring Programme for pupils whose education has been worst affected, including non-disadvantaged pupils.

Our approach will be responsive to common challenges and individual needs, rooted in robust diagnostic assessment, not assumptions about the impact of disadvantage. The approaches we have adopted complement each other to help pupils excel. To ensure they are effective we will:

- ensure disadvantaged pupils are challenged in the work that they're set
- act early to intervene at the point need is identified

adopt a whole school approach in which all staff take responsibility for disadvantaged pupils' outcomes and raise expectations of what they can achieve

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Our assessments and observations indicate that the education, personal development and wellbeing of many of our disadvantaged pupils have been impacted by partial school closures to a greater extent than for other pupils. These findings are supported by national studies.

This has resulted in significant knowledge gaps in basic academic skills in English and Maths leading to pupils falling further behind age-related expectations. Also, children's personal and social development has been hindered and children's mental health and wellbeing affected.

The Key Challenges are

Challenge number	Detail of challenge
1	<p>LEARNING HABITS, SELF ESTEEM AND ASPIRATIONS A significant proportion of disadvantaged pupils have poor learning habits, low self-esteem and low aspirations.</p>
2	<p>ORAL LANGUAGE SKILLS AND VOCABULARY Assessments, observations, and discussions with pupils indicate underdeveloped oral language skills and vocabulary gaps among many disadvantaged pupils. This is evident from Reception through to KS2 and in general, are more prevalent among our disadvantaged pupils than their peers.</p>
3	<p>PHONICS DEVELOPMENT Assessments, observations, and discussions with pupils suggest disadvantaged pupils generally have greater difficulties with phonics than their peers. This negatively impacts their development as readers.</p>
4	<p>DEVELOP READING ATTAINMENT Currently assessments indicate that Reading attainment among disadvantaged pupils is below that of non-disadvantaged pupils</p>
5	<p>DEVELOP WRITING ATTAINMENT Assessments indicate that writing attainment among disadvantaged pupils is below that of non-disadvantaged pupils</p>
6	<p>DEVELOP MATHS ATTAINMENT Assessments indicate that Maths attainment among disadvantaged pupils is significantly below that of non-disadvantaged pupils</p>
7	<p>WIDER CURRICULUM OPPORTUNITIES AND CURRICULUM ENRICHMENT Discussions and Surveys show disadvantaged children do not get such wide experiences at home greater proportions of disadvantaged children do not participate in curriculum enrichment activities</p>
8	<p>WELLBEING MENTAL HEALTH, Assessments (including wellbeing survey), observations and discussions with pupils and families have identified social and emotional issues for many pupils, notably due a lack of social and enrichment opportunities during school closure. These challenges particularly affect disadvantaged pupils, including their attainment. Teacher referrals for support have markedly increased during and since the pandemic.</p>
9	<p>ATTENDANCE Our attendance data over the last years indicates that attendance among disadvantaged pupils has been lower than for non-disadvantaged pupils. A high proportion of disadvantaged pupils are ‘persistently absent’.</p>

Our assessments and observations indicate that absenteeism is negatively impacting disadvantaged pupils' progress.

Currently this term (Autumn 2022) 54% of the children who are persistently absent are disadvantaged. The far right column of the table below shows the proportion of persistently absent children who are disadvantaged.

CLASS		PERSISTENT ABSENCE		
REC	SIZE	PP	PA	PP/PA
REC	21	9	6	3
		43%	35%	50%
Y1	SIZE	PP	PA	PA-PP

		38%	31%	56%
Y6	SIZE	PP	PA	PA-PP
Year 6	33	11	9	4
		33%	27%	44%
TOTAL	SIZE	PP	PA	
TOTAL	197	71	52	28
		36%	26%	54%

- Overall absence for pupils in receipt of free school meals (7.8%) was in the **highest** 20% of all schools in 2018/19 as well as in 2017/18
- Overall absence in autumn 2020 for pupils in receipt of free school meals (7.5%) was in the **highest** 20% of all schools.
- Overall absence in summer 2021 (5.9%) was in the **highest** 20% of all schools.
- The rate of overall absence (5.9%) in summer 2021 was in the **highest** 20% of schools with a similar level of deprivation.
- Persistent absence in summer 2021 (16.2%) was in the **highest** 20% of all schools.
- The rate of persistent absence (16.2%) in summer 2021 was in the **highest** 20% of schools with a similar level of deprivation.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
<p>Develop children as 'Successful lifelong learners' with Positive attitudes and good learning habits</p> <p>Promote</p> <ul style="list-style-type: none"> • Metacognition • Self -regulation • Feedback • Collaborative learning opportunities 	<p>Children become confident, highly motivated, ambitious, independent learners.</p> <p>They are involved in setting and achieving their own learning and development targets. They develop positive learning attitudes and high aspirations.</p> <p>They become reflective, curious, resourceful, and resilient learners who have a thirst for knowledge and are keen to take on and tackle new challenges.</p>
<p>Improved oral language skills and vocabulary among disadvantaged pupils.</p>	<p>Assessments and observations indicate significantly improved oral language among disadvantaged pupils. This is evident when triangulated with other sources of evidence, including engagement in lessons, book scrutiny and ongoing formative assessment.</p>
<p>Improved Phonics Knowledge and skills</p>	<p>Achieve at or above the national average expected standard in the Year One Phonics Screen.</p>
<p>Improved reading attainment among disadvantaged pupils.</p>	<p>KS2 reading outcomes in show the group of disadvantaged children achieve at or above the national average progress scores in reading.</p> <p>By 2024/25 reading outcomes in show the group of disadvantaged children's attainment is in line with the national average.</p>
<p>Improved writing attainment for disadvantaged pupils at the end of KS2.</p> <p>Enable children to set targets, use feedback, peer editing and self-evaluation to improve writing</p>	<p>KS2 writing outcomes show the group of disadvantaged children achieve at or above the national average progress scores in writing.</p> <p>By 2024/25 reading outcomes in show the group of disadvantaged children's attainment is in line or above the national average.</p>
<p>Improved Maths attainment for disadvantaged pupils at the end of KS2.</p>	<p>KS2 maths outcomes show the group of disadvantaged children achieve at or above the national average progress scores in maths.</p>

	By 2024/25 reading outcomes in show the group of disadvantaged children's attainment is in line with or above the national average.
Participation in enrichment activities.	There is a significant increase in participation in enrichment activities, particularly among disadvantaged pupils
To achieve and sustain improved wellbeing for all pupils in our school, particularly our disadvantaged pupils.	Sustained high levels of wellbeing demonstrated by: <ul style="list-style-type: none"> qualitative data from student voice, student and parent surveys and teacher observation
To achieve and sustain improved attendance for all pupils, particularly our disadvantaged pupils.	Sustained high attendance from 2024/25 demonstrated by: <ul style="list-style-type: none"> the overall absence rate for all pupils becoming in line with national averages the percentage of all pupils who are persistently absent becoming in line with national averages

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention, learning environment)

Budgeted cost:

2022-23 £41,50
2021-22 £61,000

Activities FOR 2021-22	Activities FOR 2022-23	Evidence that supports this approach	Challenge number(s) addressed
<p>Develop children's learning attributes and skills</p> <p>Promote metacognition</p> <p>Children learning to be 'successful learners'</p> <p>Promote the 5R's through lessons, assemblies and attribute awards</p> <p>Encourage self-regulation</p> <p>Involving children in the learning process, ie/ planning, monitoring and evaluating their own learning</p>	<p>Continue Developing children's learning attributes and skills</p> <p>Continue to Promote metacognition Children learning to be 'successful learners'</p> <p>Continue to Promote the 5R's though lessons, assemblies and attribute awards</p> <p>Continue to encourage self-regulation Involving children in the learning process, ie/ planning, monitoring and evaluating their own learning</p> <p>Continue Developing use of knowledge organisers and Develop knowledge recall</p> <p>Continue to provide collaborative learning opportunities</p> <p>Monitor and support Metacognition, self-regulation and collaborative teaching and learning</p> <p>£250</p>	<p><u>Metacognition-and-Self-regulation - EEF research</u> <u>7 weeks</u></p> <p><u>Collaborative-learning-approaches - EEF research</u> <u>5 weeks</u></p>	7,

Pupil premium attainment at the end of KS2

Pupil Premium – Y6 2021-22	Reading	Writing	Maths
At EXP	70%	60%	60%
Progress	100%	70%	80%

There were 10 PP children in Year 6. They attained slightly lower than their peers in achieving the expected standard. Three PP children who didn't make expected progress have had significant issues during COVID, with attendance and engagement and with their mental health.

Pupil premium attainment at the end of KS1

Pupil Premium – Y2 2021-22	Reading	Writing	Maths
At EXP	60%	40%	70%
Progress	80%	80%	100%

Most PP made at least expected progress. The three children who didn't make expected progress have had significant issues during COVID, with attendance and engagement and with their mental health.

There were 10 PP children in Year 2. They performed similarly to the rest of the cohort in reading and did better in maths. They were below the cohort average in writing, however. Only two PP achieved GD in reading

Overall attendance in 2021/22 remained lower than in pre covid years. When all pupils were expected to attend school, absence and persistent absence among disadvantaged pupils was higher than their peers. The gaps were larger than in previous years, which is why attendance is a focus of our current plan.

Our assessments and observations indicate that pupil wellbeing and mental health remained significantly impacted last year, primarily due to COVID-19-related issues. The impact remains particularly acute for disadvantaged pupils. We have therefore used pupil premium funding to provide wellbeing support for all pupils, and targeted interventions where required. We are building on that approach with the activities detailed in this plan.

Further information

Planning, implementation, and evaluation

In planning our new pupil premium strategy, we evaluated why activity undertaken in previous years had not had the degree of impact that we had expected.

We used the [EEF's implementation guidance](#) to help us develop our strategy, particularly the 'explore' phase to help us diagnose specific pupil needs and work out which activities and approaches are likely to work in our school. We will continue to use it through the implementation of activities.

We have put a robust evaluation framework in place for the duration of our three-year approach and will adjust our plan over time to secure better outcomes for pupils.

Costings (see detailed costing spreadsheet)

ADDITIONAL TEACHER AND SENIOR TEACHER INTERVENTIONS

Two additional teachers were employed to ensure the Senior Managers are available to Support and monitor teaching and learning. Senior teachers were also deployed to provide additional expert teaching for intervention groups in numeracy and literacy.

- Mr Hardman – Assistant Head teacher and Mrs Hardman a part time senior teacher (From Jan - May) were released from Class responsibilities to boost standards across the school and 33% of this time was spent organising, monitoring or providing direct senior teacher support and intervention for pupil premium children.
- TA's provided inclusion (in class support) or intervention (out of class support)
- Provision plans were put in place to show how each teaching assistant was deployed and ensure effective deployment.

TOTAL COST OF RELEASING SENIOR TEACHERS FOR 2019/20 = £57,350

33% of this senior management time was spent organising, monitoring or providing direct support intervention for pupil premium children.

33 % of 90,000 (£60 000+ £30 000) = £30,000

£30,000 is invested in Senior Managers supporting pupil premium children

TEACHER ASSISTANT SUPPORT

TOTAL COST OF TA's FOR 2021 = £180 000

50% TA time was spent supporting pupil premium children

So £60,000 is invested on Teaching Assistant time directly supporting PUPIL PREMIUM CHILDREN

ADDITIONAL AFTER SCHOOL LEARNING SUPPORT INTO YEAR 6 BOOSTER CLASSES

- We provided extension and booster classes for all year children in Numeracy and Literacy
- Year 6 Booster sessions ensured very small child focused sessions afterschool targeted at the different abilities

Staff deployed for Year 6 booster sessions were:

- Assistant Head teacher Mr Hardman and Mrs hardman
- Teacher Mr Wiggin,
- Assistants Jane Neale, Wendy Bowyer

COST OF FUNDING THE YEAR 6 BOOSTER SESSIONS = £5,000

£ 2000 of this money directly funded pupil premium children as 33% of year 6 pupils receive pupil premium funding

TO ENSURE A RICH AND BALANCED CURRICULUM ALL CHILDREN WERE PROVIDED WITH

- Access to free clubs
- At least one free educational trip or visiting artists / workshops per term

FUNDING ALLOCATED TO PROMOTE FREE CLUBS = £10,000

FUNDING ALLOCATED TO PROMOTING FREE TRIPS AND VISITING ARTISTS = £20 000

TOTAL FUNDING TO ENHANCE CURRICULUM =£30 000

So £10 000 is directly spent of funding pupil premium children because 33% of pupils are pupil premium

TOTAL EXPENDITURE ON PUPIL PREMIUM CHILDREN

£30,000	To be spent on senior teacher support monitoring and organisation
£60,000	To be spent on TA support and intervention
£20 000	To be spent on additional teacher to enable 1-1 Tution
£450	To be spent on Year 6 Booster Classes for pupil premium children
	To be spent on Booster /catchup Classes from Y3-Y5
£4400	To be spent on enriching and enhancing the curriculum e.g./ clubs and trips
